

## Interim data flow (during transition period)

\* The quarterly ART export comprises the standard quarterly ART cohort data, as well as the ART pregnancy 12m file.

NOTE: quarterly ART cohort data and quarterly DS-TB outcome data are reported a quarter in arrears, and must be verified and signed off by Sub-District Manager by the 10<sup>th</sup> of January, April, July, and October.

\*\* Depending on available infrastructure, reporting of monthly data into webDHIS may take place at either facility or (sub)district level.

## Expected data flow (from 1 July 2018 onwards)
